WORK EXPERIENCE

A customer host at White Stuff, I led on sorting and organising stock deliveries, maintaining an organised shop floor and time-management. I demonstrated my social skills through working in a team, greeting and aiding customers.

(2021), NOURISH CAFE

As a chef in a local vegetarian and vegan cafe, I worked mostly alone to cook breakfast foods and hot meals for the customers. I also made the baked goods and bread from scratch. I learned many cooking skills as well as working independently in the kitchen. I learnt to solve problems and stay calm in a busy environment.

(2019, 2020), OXFAM

I worked as a volunteer for Oxfam, working on the till and helping steam and price clothes as well designing the shop's displays and layout. Through this experience I gained confidence with customer service and handling a busy shop environment.
